CONSTANT PAIN IN BACK FROM KIDNEY TROUBLE

I wish to tell you of my condition of about four years ago. I was afflicted with kidney and bladder troubles and had a constant pain in my back all the time for about two or three months. I did not have any appetite and could not rest at night and I was hardly able to do my house work. I saw Dr. Kilmer's advertisement and decided to give Swamp-Root a trial: after taking four bottles of Swamp-Root I was restored to health and have not been afflicted since. I will cheerfully recommend Dr. Kilmer's Swamp-Root to others afflicted with kidney and bladder troubles.

Bolivar Women Endorse "Outside" Treatment For Children's Colds

achs They Recommend the External

Mrs. M. J. Porter, and Mrs. J. Jacques. of Bolivar, Mo., and Mrs. M. E. Perrel, on Rural Route No. 2, like all intelligent mothers, believe internal medicines are bad for children, and yet cold troubles must have some kind of trentment. When Vick's Vap-O-Rub was introduced here from the South hast season these ladies found it filled the need exactly. Vap-O-Rub is a salve, which, when applied to the warmth of the body, is vaporized by the body heat. These vapors, inhaled with each breath, carry the medication through the air passages to the lungs, and, in addition, Vick's is absorbed through the skin, relieving the fightness and soreness. This two fold action makes Vap-O-Rub useful for a wide variety of inflammations—from inflammations of the air passages and lungs, such its head colds, datarch, asthmatic troubles, bronchitis and dopp chest colds—down to inflammations of the skin and tissues, such as

Mrs. Porter says—"Vap-O-Rub is very fine for sore throat, rheumatism, etc. I take pleasure in recommend-ing it."

IRON JEWELRY NO NOVELTY

Patriotic Prussian Woman Wore Such Ornaments With Pride More Than a Century Ago.

Many months ago, almost from the beginning of the war, we were told that German women, following the example of their great-grandmothers, voluntarily gave up their gold rings. necklets, earrings, bracelets and ornaments of every description, to be made or coined into money for the national need.

Whatever truth there may be in this story, there is no doubt that many German women have been presented by the government with iron rings to replace the gold ones they have parted with.

But that happened a century ago. Then Prussia, crushed by Napoleon, and bankrupt, was in dire need of money, and the Prussian women gave up all their jewels and ornaments to help cope with the prevailing poverty. And out of this sacrifice a new industry arose.

This was nothing less than the manufacture of cast-iron jewelry to replace the gold and silver ornaments which the great ladies of the kingdom had given up. At first sight no material would seem less promising as a substitute for the precious metals than iron. It was entirely owing to the wonderful craftsmanship of the ironworkers that the results were so extraordinary.

Strength, of course, would be a distinguishing mark of such jewelry, and a complete set of these fron ornaments, now in the possession of a Toronto (Canada) jeweler, is as rigid and firm as on the day it was made. This particular set, comprising a pair of earrings, necklet, locket and brace lets, has not been looked after until

The ornaments have a wonderfully fragile appearance, due entirely to the exquisite workmanship. Their weight, too, is astonishingly small, the lightness of every article being quite a feature of the set.

Talk-The Manner of It.

The high schools and colleges of the day ought to do something more to teach students how to talk. The young men would be better off for some instruction of the kind, but in the case of the young women it is little less than a necessity. Their voices, to be candid, are by no means as pleasing as they might easily be were their possessors even reminded occasionally of the value of modulation, varia tion, softness and correct and fairly precise pronunciation. As it is, however, the sweet girl graduate has anything but a voice and a manner of speaking consistent with the refreshing charms with which she is otherwise so generously blessed. In one university in the state-typical of others-a visitor recently observed that nearly every young woman in the senior class was woefully addicted to habits of mispronunciation. "And their voices," he added, "were most distressing. What they said was well enough, but the manner of their saying it was-agonizing." The indictment, it must be admitted, is well founded. It is one, however, that should never be brought-for which there should be no support. And there would be none of it, either, if no more than casual attention were paid to the matter in our schools and colleges. Singing is taught-to be only rarely used. Why not teach talking?-Indianapolia News

Curing the Drug Habit.

The drug habit can be cured. least, so say the authorities of the Philadelphia General hospital, after four months of experimentation with after the enactment of the new antidrug law. Since March 1 the hospital has dealt with 250 of these unfortunates, and, in every case the craving for the drug-whether oplum, cocaine, morphine, heroin or laudanum-was checked and broken. The victims came from dives and from homes; they were of all ages, and eighty of them were women. But they were all

successfully treated. "The habit," said the chief resident physician, "can be cured. The process is one of giving the victim a backbone. But right here is the crux of the whole matter-if a man doesn't want to be

cured, he can't be cured." It is a great and important message, full of hope to drug victims everywhere and to those who love them and grieve to see them in the bonds of a destructive slavery .- Columbus Dis-

Girl to Receive Precious Gift. A birthday gift beyond price is planned for little Lina Cunningham. aged eight. It is her sight.
